

Fitness Center Community Programs Trails Athletic Fields

Visit the NEW Community Fitness Center!

Dear Supporter,

We have had an exciting and busy first year at the new fitness center!

The new Community Fitness Center at 467 North Main Street is open and over 100 people are working out and getting healthy each day! The fitness center is fully equipped with state of the art fitness equipment, personal trainers, Yoga & Pilates classes and weight loss programs.

The Community Building at 463 North Main Street is renovated and open for community programming, educational opportunities, classes and meeting space. Programs such as "You're Welcome" offers customer service certification along with other educational classes and the "Girls on the Run" Program promotes health and wellness for youth.

Plus, the fitness center and the community building are not the only initiatives of the Yates Community Center.

We need your help to expand the Yates Community Center Complex!

- YCRR has recently agreed to purchase, over time with a capital campaign, 12.8 acres north and adjacent to the Community Center property. YCRR has partnered with Youth Lacrosse and Youth Soccer who currently are helping to develop the land into much needed sports fields with picnic pavilions, expanded driveways and parking areas.
- Youth Lacrosse is in the process of building a new Lacrosse Box next to the fitness center at 467 North Main Street. Construction is almost complete and the new box will be ready for the summer box program in 2017!
- YCRR is also lengthening its walking trails through the scenic woods around the property. The expanded trail is open for your enjoyment. Come take a walk down to Jacobs Creek and enjoy the fresh air and sunshine!
- YCRR's future plan includes a field house with a half court gymnasium and discussions about the feasibility of a community pool.

All current and future initiatives require financial resources to maintain and develop.

Yates Community Center needs your support!

Please click the Donation Button on the home page and give today!

Every penny counts.

YOU CAN HELP MAKE OUR COMMUNITY EVEN GREATER THAN IT ALREADY IS!!!

Sincerely,
Katie Peterson
